COMMUNITY ACTIVITY

YOU'RE INVITED

A Little Heart for the Holidays

A little creativity. A little company. A whole lot of heart.

There's room for you here.

Some of the best holiday moments happen when we sit down together and make something with our hands.

Join **Jaimie Peterson and the Guadalupe River Art Hive** for an afternoon of decorating wooden hearts. Make one to keep, give to someone special, or honor someone you're missing this season.

Come as you are. You don't have to be an artist to make something meaningful.

GOOD TO KNOW

We'll provide wooden hearts and art supplies. Bring your imagination, or just see what happens when you pick up a paintbrush. Make something colorful, funny, beautiful, or full of memories. There's no right way to do it, and no pressure to share your story. Enjoy some conversation, a little creativity, and the pleasure of making something together.
