Growing Through Grief

An Educational Workshop for Caregivers and Parents

Growing Through Grief is a free, one-hour virtual webinar designed to help caregivers support a child who has experienced loss. The workshop is facilitated by clinicians at the Trauma and Grief (TAG) Center and is sponsored by the Community Foundation of the Texas Hill Country.

Date & Time

Wednesday,

December 9, 2026

12:00pm - 1:00pm CT

To register, scan the QR code or click the link below:

Growing Through Grief Registration

Registration is required to receive Zoom link.

Objectives

- Identify the difference between helpful and unhelpful grief reactions in children and adolescents
- Identify the three primary bereavement-related challenges children often experience
- Define trauma and loss reminders
- Identify grief-related risk and protective factors
- Recognize high-risk behaviors and ways to increase helpful grief reactions in children/teens

For questions, please contact:
